Hula's Island Grill

A Monterey restaurant popular among locals and tourists alike has gained recognition as a top eatery in the country, according to TripAdvisor.

TripAdvisor announced on Tuesday their top restaurants in the United States, on the list was Hula's Island Grill in Monterey at #14. The grill was named among the nation's best everyday dining restaurants.

"Honored in three categories for fine dining, everyday dining and fast casual, the Travelers' Choice Awards for Restaurants were determined by factoring in the quantity and quality of reviews gathered over a 12-month period," said TripAdvisor.

According to the Monterey County Department of Health, the restaurant has had zero critical or noncritical violations since 2017.
